Account and Access Issues

What do I need to access Blackboard?

Blackboard is accessed through the CUNY Portal. If you are a CUNY student, faculty or staff member, a CUNY Portal account has been reserved for you. To access that account, it must be registered by creating a username and password. These credentials may be different from your campuses' username and password.

To register your CUNY Portal account:
1. In your web browser, navigate to www.cuny.edu
2. Click the Portal Log-in link
3. For your one-time account set up, click on Register for a New Account>> link
4. You will be given several options. If you are a faculty, click on Faculty
5. On the user validation screen, enter your last name (case not important), your 9-digit Faculty ID number [Social Security number] and your birth date. Click the Next button
6. On the following screen confirm that the information you have entered is correct. Click Confirm if correct data is entered. If you made a mistake, click Cancel and re-enter your information

How do I reset my CUNY Portal / Blackboard password?

Log into CUNY Portal and follow the procedures depicted below to learn how to change your CUNY password.

1. In your web browser, navigate to [www.cuny.edu](http://www.cuny.edu)
2. Click the Portal Log-in link
3. Click the Account and Password Reset >> link
4. On the user validation screen, enter your last name (case not important), your 9-digit Faculty ID number [Social Security number] and your birth date. Click the Next button
5. Click Confirm if correct data is entered. If you made a mistake, click Cancel and re-enter your information
6. The Password Reset page will show you your username and the option to create a new password. Confirm the new password in the second field and click Save
7. Once you click **Save**, you will be redirected to the CUNY Portal page. Enter your username and your new password to access Blackboard.

**I was able to open My Page at the CUNY Portal, but I did not find a Blackboard link on the site. What do I do?**

If you do not find a Blackboard link after logging into the CUNY Portal, you may have entered the username and password of a duplicate account. To verify your valid username, please contact your college’s student support.

**How do I change my email address in Blackboard?**

Users may have only one email address in Blackboard. In most cases, Blackboard uses the same email address as the CUNY Portal. If this address is not the one you use, you can now change it, but you must use a CUNY email address.

1. In the Home tab, find and click on the **Update Email** link in the Tools module.
2. Enter the new Email twice.
3. Click **Submit**.

**NOTE:** This will not change the email address used in the CUNY Portal or any other CUNY system. It will ONLY change the email address used by Blackboard.

**Why am I not receiving e-mails from my Blackboard classes?**

Your CUNY related e-mail address should be your default email address on Blackboard, but the Blackboard system will keep the primary e-mail you entered the first time you enrolled in a class at your college. To verify this email address:

In the Blackboard Home tab, find and click on the **Update Email** link in the Tools module to the left.

Some e-mail providers, such as Yahoo, Hotmail, and AOL, may identify email from Blackboard as junk mail and then either automatically delete the email or move it to a junk mail folder. If you are using the college email, please check your settings to make sure that you do not have e-mail from Blackboard defaulted to go to your junk folder.
Course Issues

I am registered in several courses, but some of my classes are not showing up on my Blackboard site. Why aren't they listed?

Your professor may have chosen not to (or may have forgotten to) make the Blackboard site available. You should contact your professor via email or in class and ask them if the course uses Blackboard and, if so, to check on course availability.

Alternatively, you may have a status problem. If this is the case, you should check your status with the Registrar or Bursar offices at your college.

What do I need to do if by mistake I submitted the wrong Assignment or SafeAssignment document?
If your professors are not allowing multiple attempts for the assignment, you should contact them and ask for the opportunity of resubmit your paper. They will be able to clear your previous attempt and permit you to submit again.

I am having problems uploading documents to Blackboard. Can you give me some help?
Use the appropriate web browser (see Other Questions, below). Use ONLY alphanumeric characters (A-Z, 0-9, no spaces or punctuation) when naming a file to be uploaded. You will get an error message course if the name of the document is too long or if the name does not have the underscore "_" between words.

Example of proper format:
   Homework_Assignment_1.doc

Be patient, wait for the "This assignment is complete" receipt. DO NOT click elsewhere while uploading a file.
