The FY 2013-14 Adopted State Budget provides $8.1 million in appropriations for community college projects that have received funding from the City of New York; $55 million in challenge grant funding available to all CUNY colleges and schools as part of the first year of the CUNY 2020 Challenge Grant Program; and $37 million for the operating expenses incurred while overseeing the design, construction, acquisition, reconstruction, rehabilitation and improvement of CUNY’s facilities. The budget also re-appropriates $3.1 billion for the senior and community colleges, for a total of $3.2 billion available in appropriations for CUNY in FY 2013-14. Also, the Adopted Budget will make available approximately $20.4 million in capital funding for Superstorm Sandy disaster response and recovery at impacted CUNY colleges.

Details of the appropriations for CUNY include:

- The $8.1 million appropriated for community colleges to match funding received by the City for critical maintenance projects.
- The $55 million appropriated for the new CUNY 2020 Challenge Grant Program will enable the University to invest in transformative capital projects that will be selected in a competitive manner based on economic impact, advancement of academic goals, innovation and collaboration. This funding is appropriated under the New York State Urban Development Corporation budget.
- The $37 million appropriated for operating expenses incurred by The Dormitory Authority of the State of New York (DASNY) and the City University Construction Fund (CUCF) while overseeing the design, construction, acquisition, reconstruction, rehabilitation and improvement of CUNY’s facilities includes $21 million for DASNY and $16 million for CUCF.
- The $3.1 billion in re-appropriations consists of
  - $2.7 billion re-appropriated for senior colleges.
  - $419 million re-appropriated for community colleges and Medgar Evers College.
- The $20.4 million in capital funding for Superstorm Sandy recovery includes funding for affected senior and community colleges. This funding is appropriated under a lump sum in the Division of Homeland Security and Emergency Services budget.

The State financial plan for the next four fiscal years continues the following initiatives:

- Funding for CUNY 2020 Challenge Grant Program continues at $55 million a year.
- Funding for community college critical maintenance continues at $10 million a year.
- Senior college critical maintenance funding in the amount of $175 million will be available starting in FY 2017-18.
- Recurring funding for operating expenses incurred by DASNY and CUCF while overseeing the design, construction, acquisition, reconstruction, rehabilitation and improvement of CUNY’s facilities.

The Adopted Budget also provides an additional competitive funding opportunity open to all State agencies, including CUNY, which is part of the Regional Economic Development Councils initiative: $150 million a year in capital funding appropriated over each of the five years.
