Thank you for your time. Your voice and your experiences at your college are important to us and we hope that you will consider participating in future campus climate surveys.

CUNY is committed to preventing and addressing sexual harassment and sexual violence at your college and throughout the CUNY community. People at every level of CUNY and at every CUNY campus are working together to find effective ways to help students who have experienced sexual harassment or sexual violence, and to foster a culture that does not tolerate unwelcome sexual behavior. The link below will connect you to resources at your college and the University.
