The mission of CSAC is to provide a forum for career service staff to share information, to provide in-service training for its members, and to serve as a liaison between the campus career centers, employers, parents, students, and the CUNY Central Office.

CSAC continues to co-sponsor with the CUNY Big Apple Jobs/Internship Fair. Every Spring, over 100 companies come to the Javits Convention Center on the west side of Manhattan to inform and interview the over 4000 students and alumni who come from all CUNY campuses. CUNY graduate school representatives are also present to speak to students about the over 800 Master’s and doctoral programs, & over 200 graduate certificate programs in 150+ disciplines offered at CUNY.
Welcome

Career development is an ongoing process with life-long opportunities for growth.

University Career Services provides quality, collaborative and integrated programs and services to students and alumni bridging their academic and co-curricular experiences with the world of work.

University career centers act as liaisons to prospective employers, government and industry professionals, the academic community, and the student population. Services offered by career professionals include skills and interest assessment, career counseling, referrals, on-line resources and information on current job market trends.
