Why PASS?

The goal of Project PASS is to facilitate the opportunity for success and improve the overall college experience of students with Autism Spectrum Disorders (ASD)

Services provided by PASS

- Individualized supports for students with ASD
- Help with career readiness for students with ASD
- Help with co-curricular engagement and development
- Supports for faculty and staff to better understand these disorders and the learning environment around them

Under CUNY’s Project REACH (Research and Education on Autism as CUNY’s Hallmark)
