Pathways Project
Standing Rule # 1

Be it resolved, that members of the steering committee of the Pathways project may attend, make motions, vote and be counted toward a quorum from remote sites provided that:

1. Such members can connect via videoconference or teleconference technology that allows all persons participating in the meeting to hear each other at the same time and, if a videoconference, to see each other as well.

2. Remotely located members say, “I would like to speak”, in order to seek recognition from the Chair of the meeting to obtain the floor.
